NEXTIVA **OVERVIEW**

Communication products that work great on their own and better together

Our goal is simple: to make running a business easier, less costly, and more profitable. While our products are built using state-of-the-art technology, Amazing Service® is truly the foundation of Nextiva. It is our 24/7 in-house support and the focus on helping businesses succeed that set us apart. Nextiva provides the tools, technology, and support needed to run any size company efficiently and profitably. Founded in 2006 in Scottsdale, AZ, Nextiva provides services to over 150,000 businesses.

Nextiva **OFFICE**

More than a VoIP phone service, Nextiva Office adds advanced features to make your business more productive and profitable.

Nextiva **SERVICE CRM**

Nextiva Service CRM is a multi-channel support software that elevates customer service for both the customer and employee.

Nextiva **CHAT**

Interact with your customers and prospects in real time with Nextiva Chat. Enable faster service and boosts overall efficiency.

Nextiva **CALL CENTER**

Nextiva Call Centers combine the flexibility to handle large call volume with efficiency, featuring Advanced IVR, monitoring, and more.

Nextiva **SURVEYS**

Get answers fast with Nextiva Surveys, our custom online survey software. Understand your audience and make better decisions.

Nextiva **ANALYTICS**

Gain exceptional visibility into call and employee activity data and make quick decisions for your business with Nextiva Analytics.

Nextiva **SIP TRUNKING**

Keep your equipment and maximize connectivity by upgrading your office phone technology to the cloud.

Nextiva **vFAX**

Reduce costs, save time, and minimize your carbon footprint by sending and receiving faxes on any device.

Nextiva **DRIVE**

Access, sync, store, and edit files, videos, and documents in the cloud with Nextiva Drive. Ease your worries with automatic backup.
